### Le crème de la crème

After the success of 2012 when 20,000 visitors attended, the fifth edition of Orticolario will take place from 4-6 October 2013, at Villa Erba (Lake Como). This is the event to visit for advanced gardening at its best! As usual, plants and flowers will be the heart and focus of the event, with original and elegant ideas provided by over 200 selected exhibitors from all over Italy and abroad. For 2013 Orticolario will focus on the landscape theme, with the main purpose of creating a formative activity for visitors. This is to convey the message that the garden, your own green space, must be considered as a house that has to be managed with care and attention. "The taste" will be the main

theme of 2013 edition and Dahlia will be the star flower.
