ORTICOLARIO 2014

Originaltext

Second "Creative Gardens" International Competition

Orticolario, in collaboration with AIAPP, announces the second International Competition for the implementation of creative gardens in the Villa Erba park in Cernobbio, the location of the event. From 15 November 2013 to 31 January 2014, landscape gardeners and garden designers, architects, artists and nurserymen will be able to submit applications to take part in the competition and create their projects during the sixth edition of Orticolario, "for evolved gardening".

S.O.G.E.O. S.r.l. publishes the following notice with the aim of implementing creative garden areas as part of Orticolario 2014.

The subject of the selection is the design and creation of themed gardens in various areas of the Villa Erba park. The projects must cover a space of 150/200 m². The areas will be allocated by the Awarding Commission after assessing the drafts submitted and selected during the registration phase. Different materials may be used in order to create the gardens. The purpose of the initiative is to identify innovative projects that present inspiration for designs, techniques and materials, in line with the premises, aesthetic objectives and quality standards of the event.
